JAPANESE SKEPTICAL

DO NOT THINK RUSSIAN DALITIC FLEET WILL TRY TO REACH THE SEA OF JAPAN.

PEACE NEGOTIATIONS AFOOT

ROJESTVENSKY TO AWAIT THEIR OUTCOME BEFORE ENGAGING TOGO'S FLEET.

Tokio, April 28.—There is less excitement in this city about the Russian fleet than there is in Paris and in London, judging from dispatches which come here from those cities. Competent members of the naval staff are rather skeptical that Rojstvensky will attempt to make the sea of Japan to fight the Japanese fleet. They point out that he has been now three weeks in the China sea, using up both coal and provisions and making practically no progress towards his alleged objective point. Every day that he remains in water reduces the speed of his ships, and hence their fighting power when in action.

It is not regarded as probable that he believes for one moment the Japanese navy will go out of its way to meet him in the south China sea, and so the belief is gaining ground here that the commander of the Russian squadron has imperative orders from St. Petersburg not to sail north of Paracels Island pending certain negotiations for peace, which undoubtedly are being considered in more than one European capital.

Naval chiefs do not believe that he is waiting for Nebogatoff's ships. They are held to be of small service in a battle on the open sea.

Rojstvensky cannot now attempt to sail into another French port in Cochinchina. He is fully provisioned in coal and supplies for a journey to Vladivostok, and his only object in delay is to keep away from Admiral Togo's fleet pending possible peace.

The reticence of the imperial navy board continues, but nevertheless the opinion is practically official that the moment Rojstvensky's fleet sails northeast of Paracels Islands it will be attacked night and day on its journey to Formosa straits.

JAPS GET BUSY ON LAND.

Will Not Delay Action Pending Outcome of Naval Battle.

London, April 28.—The news of the resumption of fighting in Manchuria is supposed here to show that the Japanese have now decided not to await the issue of the impending naval contest but to utilize the few weeks intervening between the drying up of the thawed winter roads and the arrival of summer rains in June for the resumption of the land campaign. The completion of the railway to Mukden will greatly simplify Field Marshal Oyama's task of provisioning his vast army and will thus facilitate the renewal of hostilities.

No further news has been received of either Rojstvensky's or Nebogatoff's squadrons. The report is confirmed that the submarine cable has been cut at Hainan; but according to the Daily Telegraph's correspondent at Tokio the Japanese authorities have learned that the Russians are using Hainan as a base.

THREE PEASANTS KILLED.

Twelve Others Wounded in Fight With Police and Troops.

Tiflis, April 28.—An attempt by a peasant band to maltreat a rich farmer and a priest led to a collision with police and troops in which three peasants were killed and twelve wounded. Other attacks by the peasantry on members of the wealthier and educated classes are feared.

Peasants Killed by Cossacks.

St. Petersburg, April 28.—Official reports from the Caucasus describe numerous encounters between peasants and troops. Many of the former have been killed in Cossack charges.

SENSATIONAL INCIDENTS.

Mark Proceedings in Dr. Koch's Trial at Mankato, Minn.

Mankato, Minn., April 28.—The eighth day of Dr. Koch's trial was full of sensational incidents. Several bits of testimony of value to the state not secured at the New Ulm trial were brought out. One was Policeman Joseph Weisenborn's testimony that he saw the pencil lying near Dr. Gebhard's body when he entered the room. At the New Ulm trial he said that he did not see it. A more important development was the conversation of Chief of Police Klaus with Miss Ida Koch, sister of the defendant, in which he quoted her as saying to him in Dr. Koch's presence that the handkerchief found at Dr. Gebhard's office was her brother's and that she marked it. Chief

Klaus did not tell this at the New Ulm trial. He says that he did not get a chance to tell it then.

Chief Klaus also said that he noticed blood stains on one of the telephone wires near the window from which the murderer is supposed to have made his escape. He did not testify to this at the New Ulm trial. The two police officials were placed under severe fire by the attorneys for Koch, but clung to their statements steadfastly.

LOOMIS DENIES CHARGES

Acting Secretary of State Refutes Published Statements.

Washington, April 28.—Absolute denial of certain charges affecting his official integrity while minister at Caracas was made by Mr. Loomis, the acting secretary of state, in a statement given out by him Thursday.

Mr. Loomis says the charges were published in the New York Herald April 25 and again referred to in that paper's issue of April 27. In substance, he says, the charges were first that while acting in his official capacity as minister to Venezuela he obtained considerable pecuniary benefits from the New York and Bermudez Asphalt company and that a check showing the payment of \$10,000 to him by that company is now in the possession of President Castro. This charge he brands as absolutely false.

The second charge made is that while minister to Venezuela Mr. Loomis purchased a claim of 20,000 bolivars or \$4,000, against the Venezuelan government and then used his influence as minister to collect the full amount from the government.

The third charge is that Mr. Loomis agreed with Mr. Meyers to use his (Loomis') influence to adjust an obligation to the amount of \$10,000,000 for a consideration of one-seventh of that sum, or nominally \$1,400,000.

Both of these charges Mr. Loomis says are absolutely untrue.

GUNS IN GOOD CONDITION.

British Admiralty Refutes Statement of the Daily Graphic.

London, April 28.—The admiralty has issued an official statement regarding the charges made by the Daily Graphic that fifteen battleships were unfit for action owing to the discovery that a number of the 12-inch guns were incapable of firing fifty full charges. The admiralty says that one 12-inch "mark" gun on board the Majestic had cracked at the muzzle and that a second gun showed a crack in the inner tube, but they had fired the equivalent of sixty-six and seventy-five full charges, respectively. These guns had been exchanged and repaired and will shortly be reissued.

The statement continues: "One 12-inch gun was fired with 162 full charges before being relined. The guns on board the battleships Mars, Caesar and Jupiter have fired the equivalent of over sixty full charges and are still perfectly serviceable."

PENSIONS EDUCATORS

CARNEGIE MAKES GIFT OF TEN MILLION DOLLARS TO PROVIDE ANNUITIES.

New York, April 28.—A gift of \$10,000,000 by Andrew Carnegie to provide annuities for college professors who are not able to continue in active service has been announced by Frank A. Vanderlip, vice president of the National City bank of New York. Professors in the United States, Canada and Newfoundland will share in the distribution of the income of the fund. United States Steel corporation 5 per cent first mortgage bonds for \$10,000,000 have been transferred to a board of trustees and steps will be taken at once to organize a corporation to receive the donation. Mr. Pritchett, president of the Massachusetts Institute of Technology, and Mr. Vanderlip have been selected by Mr. Carnegie to obtain data on the subject to be presented at the first meeting of the board of trustees, which will take place on Nov. 15.

Presidents of all the leading universities of the United States and Canada are included in the membership of the board of trustees.

FAMOUS HARPER CASE ENDED.

Referee Will Refer It Back to Federal Circuit Court.

Big Stone Gap, Va., April 28.—The famous Harper case was brought to a close here during the day by the failure of the attorneys for the creditors holding claims against Edward L. Harper to appear at the trial which was set for the morning. Referee in Bankruptcy Bailey refused to appoint a trustee to take charge of the Harper assets and will refer the case back to the United States circuit court with the recommendation that the applicant be discharged as a bankrupt. The action of Referee Bailey virtually relieves Mr. Harper of all liability for debts aggregating many millions of dollars and incurred chiefly through speculations on the Chicago wheat market.

LETTERS RULED OUT

THOSE SUBMITTED BY PROSECUTION IN PATTERSON CASE NOT ADMITTED.

MRS. YOUNG ON THE STAND

WIDOW OF THE BOOKMAKER TESTIFIES IN TRIAL OF THE FORMER SHOW GIRL.

New York, April 28.—The trial of Nan Patterson was replete with interest during the day. Mrs. Margaret Young, widow of "Caesar" Young, was on the stand and as she testified her eyes would fill with tears. Nan Patterson dropped her eyes when she saw the widow and did not raise them again until recess.

John W. Millin, Young's partner, was another witness and told of the relations between Young and Nan Patterson.

The prosecution endeavored to introduce in evidence a letter purporting to show that Miss Patterson had other admirers at the time she professed to be devoted to Young. This letter, however, was not admitted as evidence. The letter that Mrs. J. Morgan Smith, sister of the defendant,

wrote to "Caesar" Young in which she said Miss Patterson was "frantic" and which was admitted at the previous trial, was also ruled out. The conspiracy charge against the Smiths was based on the letter.

Mrs. J. Morgan Smith was recalled and told of her visit to California in the spring of 1903, where she saw her sister and Young together.

A year later when Mrs. Smith saw Miss Patterson in New York, she found her in a highly nervous condition. She was hysterical and crying and appeared to be laboring under a nervous strain and "almost frantic."

Expected to Marry Young.

Under examination Mrs. Smith told of Miss Patterson's expectation of marrying Young. Mrs. Smith, answering questions, said her sister's name is now Ann Elliza Randolph. After Young's death Mrs. Smith said she gave the law firm of Levy & Unger about 100 letters Young had written to her sister. On May 15, 1904, Leslie Coggins, a friend of Young, dined with Mrs. Smith at her house and told Mrs. Smith that Young was coming to New York. Coggins said Young was not going to marry Miss Patterson.

When Mrs. Smith told this to her sister she became "frantic and perturbed." Mrs. Smith continued:

"She said that Caesar could not fool her that way. It was useless for him to do such a thing."

Mrs. Smith acknowledged writing the letter intercepted by Mrs. Young. The relations of Coggins with Miss Patterson were brought out when Mrs. Smith said:

"He told me he wanted to marry Nan."

Coming down to the day Young was shot the prosecution asked:

"Were you awake when your sister came home early on the morning of June 4?"

"I was. She told me she had been with Young and that he was going away. She was perfectly normal."

"Not sobbing or crying?"

"No. She was quite tranquil."

At the conclusion of the prosecution's examination of Mrs. Smith she was taken back to the Tombs. Court then adjourned for the day.

Mrs. Margaret Young, widow of "Caesar" Young, was on the stand and as she testified her eyes would fill with tears. Nan Patterson dropped her eyes when she saw the widow and did not raise them again until recess.

John W. Millin, Young's partner, was another witness and told of the relations between Young and Nan Patterson.

The prosecution endeavored to introduce in evidence a letter purporting to show that Miss Patterson had other admirers at the time she professed to be devoted to Young. This letter, however, was not admitted as evidence. The letter that Mrs. J. Morgan Smith, sister of the defendant,

wrote to "Caesar" Young in which she said Miss Patterson was "frantic" and which was admitted at the previous trial, was also ruled out. The conspiracy charge against the Smiths was based on the letter.

Mrs. J. Morgan Smith was recalled and told of her visit to California in the spring of 1903, where she saw her sister and Young together.

A year later when Mrs. Smith saw Miss Patterson in New York, she found her in a highly nervous condition. She was hysterical and crying and appeared to be laboring under a nervous strain and "almost frantic."

Expected to Marry Young.

Under examination Mrs. Smith told of Miss Patterson's expectation of marrying Young. Mrs. Smith, answering questions, said her sister's name is now Ann Eliza Randolph. After Young's death Mrs. Smith said she gave the law firm of Levy & Unger about 100 letters Young had written to her sister. On May 15, 1904, Leslie Coggins, a friend of Young, dined with Mrs. Smith at her house and told Mrs. Smith that Young was coming to New York. Coggins said Young was not going to marry Miss Patterson.

When Mrs. Smith told this to her sister she became "frantic and perturbed." Mrs. Smith continued:

"She said that Caesar could not fool her that way. It was useless for him to do such a thing."

Mrs. Smith acknowledged writing the letter intercepted by Mrs. Young. The relations of Coggins with Miss Patterson were brought out when Mrs. Smith said:

"He told me he wanted to marry Nan."

Coming down to the day Young was shot the prosecution asked:

"Were you awake when your sister came home early on the morning of June 4?"

"I was. She told me she had been with Young and that he was going away. She was perfectly normal."

"Not sobbing or crying?"

"No. She was quite tranquil."

At the conclusion of the prosecution's examination of Mrs. Smith she was taken back to the Toms. Court then adjourned for the day.

MATINEE AND NIGHT.

While "A Royal Slave" which comes to Brainerd opera house tomorrow, matinee and evening, is a play that appeals at once to the intelligence and the heart of an auditor, his eye has not been forgotten. The scenes are all painted from photographs taken in and near the City of Mexico especially for this production. Among the most striking scenes is a view of the Valley of Mexico as seen from the Gardens of the Hacienda de Oro, near Capultepec. It shows a distant view of the city of Mexico and the lake of the "Floating Gardens" and in the far distance "through misty miles and purple leagues," the giant volcano of Popocatepetl; the whole picture framed in by groves of palms and bowers of bloom and seen through the sprays of a real fountain actually playing on the stage. Of special interest also are the scenes showing the church of the Peons; the two scenes in the Sierra Madre Mountains, the passo del Rey (Pass of the King) and the cave of the bandits in the heart of the mountains; the splendid moonlit scene of the tropical coast of the Island of El Toro. Matinee at 2:30 tomorrow afternoon, prices 25 and 15 cents. Evening prices \$1, 75c 50c and 25c.

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted the physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

Respectfully,

Doan's Kidney Pills strikes the root.
Their work in Brainerd proves it.
You read of cures made years ago.
And the cures were lasting cures.

Read the following:
Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says:

"Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted the physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

Respectfully,

Thor Wand

DROVE FROM HOUSE WITH A BIG POKER.

Celestine Sylvester Claims That His Wife Made Him Go Way Back.

SAYS HE WILL NEVER GO BACK.

Took a Policeman Back to the House With Him to Get a few Togs to Wear.

Celestine Sylvester says he is a veteran of the civil war and has fought many battles, but he swears he had rather fight them all over again than meet one woman with a poker in her hand and blood in her eye. He stated this afternoon that he had been invited to take a hike for himself this morning and in order to emphasize the request, which was made by his wife, a stove poker was used. Discretion was the better part of valor with Celestine and he made tracks across the lawn.

Sylvester states that the pot has been boiling since last fall and that his wife and her son, Phillip, have made life a terror for him. The husband and wife according to his statement have not spoken as they passed by since last fall, and when they did speak this morning it was like the howling of the wind through a deserted hay loft. Mr. Sylvester said that he was willing to leave in view of the fact that implements like a stove poker were brought into play.

He declares he will not be responsible for any indebtedness incurred at his old home in the future, 219, Second street south. Sylvester claims that the culmination came this morning as a result of his efforts to have his little thirteen year old daughter go to school. She was kept at home, he said, and he reported the matter to Supt. Hartley. When this was learned it is claimed that Mrs. Sylvester waxed warm and drove the old gentleman from home. He will go to live in the country with his daughter.

NORTHERN LEAGUE

Playing Manager White writes from Northfield that it is not likely that the St. Cloud-Brainerd team will make a great showing against the Javas on Sunday in Minneapolis. He does not expect that more than five of the men signed will be in the team. He expects that Jack Corrigan, Kelly and Murphy will play the field. Howell will probably pitch. Further than this he is not sure who will be in the game. The time was too short for him to get his men together.

SOLD LIQUOR TO MINORS

B. R. Hartell, Bartender for Mike Remmels, Brought up in Police Court on a Serious Charge.

B. R. Hartell will probably not sell liquor to a person who has not reached his majority very soon again. Hartell is a bartender working for Mike Remmels and a few days ago a complaint was made against him by Frank Rossini, who charged that he had sold liquor to his eighteen year old son. Hartell demanded a jury trial before Judge Warner and his request was granted, but the jury found him guilty and he was fined \$30 and costs. It cost him about \$60 for the play.

Considerable complaint has been made of some of the saloons of the city selling liquor to young men and there is liable to be further arrests unless more caution is taken. Of course not all saloon-keepers are so unscrupulous, but there are some who are being watched rather closely.

INSTANTLY KILLED

Old Man 71 Years of Age Instantly Killed Yesterday Near Perham by Northern Pacific Train

A message from Perham yesterday stated that Carl Sandt, an old man residing in that village, was struck by the limited passenger train on the Northern Pacific and instantly killed. He was picking up coal on the track, and two or three men saw him and shouted to him that the train was coming, but being quite deaf he did not hear either their voices or the approaching cars. His body was hurled from the track and badly crushed. He was 71 years of age and leaves a wife and one married daughter.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. H. P. Dunn & Co. mwfwlm

BIG SHINGLE MILL BURNED AT AITKIN

Mill Which Was But Recently Built Destroyed by Fire Entailing Heavy Loss

NO INSURANCE WAS CARRIED

Origin of the Fire is Unknown—Loss Will Approximate Twenty-five Thousand

The big shingle mill of J. T. Welsh & Co. at Aitkin burned to the ground Thursday night about 1 o'clock. The mill had just been finished and started up only two weeks ago. It was a fine piece of property and cost \$25,000. There was no insurance, and it is not known whether the mill will be rebuilt or not. The origin of the fire is unknown. There are three other mills there, but this was the only one that made a market for white cedar. There is an inexhaustible supply of this timber, and the loss of the mill is a serious one. About twenty men were employed.

MORE MEN INVOLVED

OVER THREE THOUSAND TEAMSTERS NOW OUT ON STRIKE IN CHICAGO.

SEVERAL SMALL RIOTS OCCUR

THREE PERSONS ARE INJURED, TWO OF WHOM ARE NOT EXPECTED TO LIVE.

Chicago, April 28.—With 3,100 teamsters now on strike, with constant accessions being made to their number and with the express determination of the Employers' association to take a firm stand for the "open shop" and fight the teamsters' union to a finish, Chicago, to all appearances, stands on the eve of one of the greatest industrial upheavals in her history.

There was rioting in various parts of the city during the day despite the strong guards of police and the numbers of private detectives hired by the employers' association to protect their wagons. During the troubles three persons were seriously injured, two of whom will die. The injured are: Richard Cummings, police sergeant, run over by an omnibus, driven by John Corca, a union driver, Cummings will die.

Samuel Jackson, colored teamster, employed by the J. V. Farwell company, attacked by a mob numbering 200. He was badly beaten and head cut by a blow with a shovel.

Mark Moran, district messenger boy, struck on the head by a board thrown at a nonunion teamster from a building at Van Buren and La Salle streets. He will probably die.

Cummings was hurt while commanding a squad of policemen, which was guarding a wagon of Montgomery Ward & Co. in Washington street.

Blockade Had Been Formed.

A blockade had been formed by strike sympathizers and Cummings was busily engaged in clearing it away, when the omnibus, which runs from the Chicago and Northwestern depot to the store of Marshall Field & Co., came up. The driver was warned to keep back. He persisted in driving in and the tongue of his omnibus struck Cummings in the side, knocking him down, and the loaded omnibus passed over his body. Three of his ribs were broken and he suffered internal injuries. He was taken to the hospital, where it was said he could not recover. The driver was placed under arrest.

Mark Moran was standing at the corner of La Salle and Van Buren streets watching two wagons owned by Marshall Field & Co. pass along the street, under the escort of twenty-five policemen. The crowd began to jeer the nonunion teamsters and the police were compelled to push them back several times. During the height of the disturbance a board six feet long was hurled from a building and struck him squarely on the head. He fell to the ground with a fractured skull. The man who threw the board was pointed out to the police, but he managed to get out of the building and make his escape.

Brought Out More Teamsters.

The declaration made by the members of the Employers' association that they would promptly discharge any teamster who refused to deliver goods or call for them at the establishment of Montgomery Ward & Co. brought out the teamsters in many

down town mercantile houses during the day and the number, it is expected, will be increased largely by morning. The leading firms with which strikes have been declared and the number of teamsters have gone out are as follows:

Montgomery Ward & Co., 150; Daniels & Co., 25; Marshall Field & Co., wholesale and retail, 160; Carson Pirie Scott & Co., wholesale and retail, 75; J. V. Farwell & Co., 25; Wells Fargo Express company, 300; National Express company, 60; United States Express company, 120; Adams Express company, 125; Forbes Cartage company, 220.

The business agents of the Teamsters' union declared that they will soon call on strike 1,000 truck drivers, and thereby cripple to a large extent the entire transportation business of Chicago.

It was declared also that drivers for grocery houses which delivered goods to any of the firms against which a strike exists will be ordered to join in the lockout.

To Fight for the "Open Shop."

While the labor leaders were in conference delegates of the Chicago Employers' association, the Commercial Exchange and representatives of outside industrial organizations met at the Union League club and decided that they would fight to a finish for the "open shop" in Chicago.

Subscriptions aggregating \$1,000,000 were taken during the day to strengthen the Employers' Teaming company, the weapon with which the teamsters' union is to be actively fought.

Throughout the day officials for the teamsters' union were active in scattering warnings where they had no ground, according to their rule, for the calling of a strike.

The strike spread to stevedores on the tug Talbott, who refused to remove goods from the dock of Farwell & Co. They were discharged and nonunion men took their places.

The number of teamsters on strike was nearly doubled in the early part of the night, and as a result nearly all the large stores on State street will be without drivers in the morning. Strikes were called in the following places: Stevens & Bros., 15 men; Boston Store, 75 men; Siegel & Cooper, 85 men; Mandel Bros., two stores, 75 men.

The Fair, one of the large department stores, locked out its drivers and those of the Boston store were discharged.

Teamowners who haul for many large business houses have decided to take no part in the strike. Three firms refused to accept this stand taken by the teamowners, and withdrew from the teamowners' association. Strikes were called on them at once. These firms were the Peabody Coal company, 400 teamsters; S. G. Hartwell company, 25 men; Standard Wash coal company, 20 men.

The situation is far from reassuring. The labor leaders say they will, if necessary, call out every union driver in Chicago and will make appeals to the freight handlers and to organizations of railway men if they find they are not able to win the strike by themselves.

BIGELOW NOW A BANKRUPT.

Former Milwaukee Bank President Has No Cash on Hand.

Milwaukee, April 28.—The latest step in the career of Frank G. Bigelow, the former bank president, who defaulted in the sum of about \$1,500,000, is the filing of a petition in involuntary bankruptcy. The revised schedules show a total liability on the part of Mr. Bigelow of \$3,277,000, of which \$1,975,000 is wholly or in part secured. Of the remainder \$1,110,000 is a secondary liability on notes and bills discounted in which Bigelow figured as indorser. These items are notes of the National Electric company, the Grand Rapids Edison company and S. W. Watkins and are evidently connected with the financing of the National Electric company. The balance, \$192,000, represents unsecured loans, the largest one being an indebtedness of \$100,000 to the Broadhead estate, of which Bigelow was executor. The assets of the banker are estimated at \$1,849,800, against which a homestead exemption of \$5,000 is placed. The rest of the assets consist chiefly of stock in various industrial and other enterprises and 1,600 acres of coal land in Huerfano county, Colo., valued at \$100,000. The schedule states that he has no cash on hand.

The filing of the schedules revealed the fact that Bigelow, who has been looked upon as a model of business sagacity, pursued decidedly loose methods in the transaction of his private business. He was not positive of the names of several of his creditors and had no memoranda with which to refresh his memory. Evidently he had no system of keeping a record of his financial transactions.

Under the bankruptcy laws the turning over by Bigelow of \$300,000 worth of property as a restitutionary measure to the bank is null and void, the transfer having been made within four months of the filing of the petition in bankruptcy. This, however, will not affect the bank, the directors having more than made up the entire deficiency caused by the defalcations of the president.

Late in the day Judge Andres appointed the Wisconsin Trust and Security company receiver of the bankruptcy estate of Frank G. Bigelow.

It is reported that Bigelow is heavily indebted to several well known Milwaukeeans, whose names do not appear in the schedules. A trustee will be appointed by the creditors of the estate at a meeting about May 8.

HUNTING TRIP TO BE CUT SHORT.

President Will Leave Colorado Week Earlier Than Expected.

Glenwood Springs, Colo., April 28.—President Roosevelt will break camp on May 8, a week earlier than he had intended, and will start for Washington at once. The only stops he will make will be at Denver and Chicago, where the dates for his reception have been advanced to meet the new arrangement.

Secretary Loeb returned early in the day from the camp, where he conferred with the president all of Wednesday. He announced upon reaching here that affairs in Washington made it necessary that the president curtail his visit. That there is nothing alarming in the situation is manifested from the fact that the hunt will be continued ten days, more in spite of conditions of governmental affairs which resulted in the altered plans. The Venezuelan situation, it is believed here, resulted in the order to start home on May 8.

TAFT NOT SURPRISED.

Had Been Doubtful of Bear Hunt Lasting Until the Middle of May.

Washington, April 28.—Secretary Taft, when made aware of the president's plans to leave Colorado May 8, showed no surprise, for it was known to him before the president left Washington that he was very doubtful of his ability to carry out his wish to remain in the hunting country until the middle of May. Although there is no pressing emergency here requiring the immediate attention of the president, there are some important subjects relating to changes in high public offices in the diplomatic service which the president alone can direct. As far as Venezuela is concerned the issue merely has been postponed.

RAISULI IS A PATRIOT.

Ion Perdicaris Lauds Bandit Who Captured Him.

New York, April 28.—"Nothing has strengthened American influence abroad so much as the vigorous policy of President Roosevelt and Secretary Hay," Ion Perdicaris, who was captured by the bandit Raisuli in Morocco, was the speaker at the annual dinner of the New York Library club at night.

"I consider my captor," he said, "a true patriot, who is leading his people in the fight for independence. His people had always managed their own affairs—very badly, it is true. He had suffered four years' imprisonment, chained to a wall and unable to move, yet he would not alter his views.

"I realize the immense difference between civilized and uncivilized peoples. People criticize the 'big stick.' I say from experience that the more vigorous the first steps taken the less the difficulty will be."

OVER THREE THOUSAND TEAMSTERS NOW OUT ON STRIKE IN CHICAGO.

SEVERAL SMALL RIOTS OCCUR

THREE PERSONS ARE INJURED, TWO OF WHOM ARE NOT EXPECTED TO LIVE.

Chicago, April 28.—With 3,100 teamsters now on strike, with constant accessions being made to their number and with the express determination of the Employers' association to take a firm stand for the "open shop" and fight the teamsters' union to a finish, Chicago, to all appearances, stands on the eve of one of the greatest industrial upheavals in her history.

There was rioting in various parts of the city during the day despite the strong guards of police and the numbers of private detectives hired by the employers' association to protect their wagons. During the troubles three persons were seriously injured, two of whom will die. The injured are: Richard Cummings, police sergeant, run over by an omnibus, driven by John Corea, a union driver. Cummings will die.

Samuel Jackson, colored teamster, employed by the J. V. Farwell company, attacked by a mob numbering 200. He was badly beaten and head cut by a blow with a shovel.

Mark Moran, district messenger boy, struck on the head by a board thrown at a nonunion teamster from a building at Van Buren and La Salle streets. He will probably die.

Cummings was hurt while commanding a squad of policemen, which was guarding a wagon of Montgomery Ward & Co., in Washington street.

Blockade Had Been Formed.

A blockade had been formed by strike sympathizers and Cummings was busily engaged in clearing it away, when the omnibus, which runs from the Chicago and Northwestern depot to the store of Marshall Field & Co., came up. The driver was warned to keep back. He persisted in driving in and the tongue of his omnibus struck Cummings in the side, knocking him down, and the loaded omnibus passed over his body. Three of his ribs were broken and he suffered internal injuries. He was taken to the hospital, where it was said he could not recover. The driver was placed under arrest.

Mark Moran was standing at the corner of La Salle and Van Buren streets watching two wagons owned by Marshall Field & Co. pass along the street, under the escort of twenty-five policemen. The crowd began to jeer the nonunion teamsters and the police were compelled to push them back several times. During the height of the disturbance a board six feet long was hurled from a building and struck him squarely on the head. He fell to the ground with a fractured skull. The man who threw the board was pointed out to the police, but he managed to get out of the building and make his escape.

Brought Out More Teamsters.

The declaration made by the members of the Employers' association that they would promptly discharge any teamster who refused to deliver goods or call for them at the establishment of Montgomery Ward & Co. brought out the teamsters in many

down town mercantile houses during the day and the number, it is expected, will be increased largely by morning. The leading firms with which strikes have been declared and the number of teamsters have gone out are as follows:

Montgomery Ward & Co., 150; Daniels & Co., 25; Marshall Field & Co., wholesale and retail, 160; Carson Pirie Scott & Co., wholesale and retail, 75; J. V. Farwell & Co., 26; Wells Fargo Express company, 75; American Express company, 300; National Express company, 60; United States Express company, 120; Adams Express company, 125; Forbes Cartage company, 220.

The business agents of the Teamsters' union declared that they will soon call on strike 1,000 truck drivers, and thereby cripple to a large extent the entire transportation business of Chicago.

It was declared also that drivers for grocery houses which delivered goods to any of the firms against which a strike exists will be ordered to join in the lockout.

To Fight for the "Open Shop."

While the labor leaders were in conference delegates of the Chicago Employers' association, the Commercial Exchange and representatives of outside industrial organizations met at the Union League club and decided that they would fight to a finish for the "open shop" in Chicago.

RAISULI IS A PATRIOT.

Ion Perdicaris Lauds Bandit Who Captured Him.

New York, April 28.—"Nothing has strengthened American influence abroad so much as the vigorous policy of President Roosevelt and Secretary Hay," Ion Perdicaris, who was captured by the bandit Raisuli in Morocco, was the speaker at the annual dinner of the New York Library club at night.

"I consider my captor," he said, "a true patriot, who is leading his people in the fight for independence. His people had always managed their own affairs—very badly, it is true. He had suffered four years' imprisonment, chained to a wall and unable to move, yet he would not alter his views.

"I realize the immense difference between civilized and uncivilized peoples. People criticize the 'big stick.' I say from experience that the more vigorous the first steps taken the less the difficulty will be."

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

ALLEGED SHORTAGE INCREASES.

That of San Francisco Collector Placed at \$68,000.

San Francisco, April 28.—It is estimated by the experts at work upon the books of the city tax collector's office that the alleged shortage of Edward J. Smith will amount to a total of at least \$68,000. They discovered during the day one item of \$10,000 which had not been entered and also detected several smaller shortages. The methods used by the tax collector to conceal his operations were many.

Beautiful Women

realize that luxuriant hair of rich, youthful color always adds to their charms. The hair may be golden, black or brown, but when it becomes gray or faded there is an appearance of age, though of age, though she may feel as young as ever. Under these circumstances gray hair is a drawback to men and women.

Hay's HAIRHEALTH

Keeps You Looking Young. Always brings back the color and beauty of youth to gray or faded hair. Positively removes dandruff, kills the germ and stops hair falling. Does not soil skin or linen. Aided by HAY'S SOAP it softens the hair, keeps the scalp itching and promotes fine hair growth. Large 50c bottle. Take nothing without Philo Hay Co. signature.
